Allowed Claims: 1-49

Response to Arguments

Applicant's amendment and arguments see Response, filed February 26, 2004, with respect to claims 1-31 have been fully considered and are persuasive. The Examiner's basis for allowability of independent claims 1-5 (and therefore dependent claims 6-31 and 40-49) is the same as those set forth within that Response.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: none of the prior art alone or in combination disclose or teach of the claimed combination of limitations to warrant a rejection under 35 USC 102 or 103.

Specifically regarding independent claims 32-35 (and therefore dependent claims 36-39), none of the prior art alone or in combination disclose or teach of a method of driving a digital micromirror device having a plurality of pixels specifically wherein a ratio of the lengths of the display periods "n" is expressed as $2^0: 2^1: \dots : 2^{(n-1)}$.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
